

HG stain away 1

for a.o. coffee, red wine and ink

This product is also suitable for stains caused by tea, cocoa, ketchup, fruit, mustard, jam, curry, vegetables and fruit juice, urine, perspiration and various perfumes.

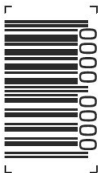

Directions for use: For coloured laundry, use an inconspicuous place to check first that the fabric is colour-fast (see attention). Put the content of this bottle on the stains until they have been covered completely and leave the product to work for maximum 5 minutes (make sure it doesn't dry out completely). Then rinse properly with lukewarm water and wash in the washing machine. We recommend you wear household gloves during rinsing and that you wash your hands properly immediately afterwards. **Transport and store the bottle upright.** Attention: see inside

Biodegradable according to regulation 648/2004/EC

HG Does what it promises.

Attention: Do not use HG stain away 1 on wool, silk or other delicate fabrics. This product is only suitable for colour-fast fabrics. In case of doubt, check the colours are colour-fast on the inside of a hem for example. You can check this by applying a small amount of product, leaving it to work for a few minutes, rinsing it and then leaving the fabric to dry. Avoid direct contact with metal elements (zips, buttons) or rust stains. Keep in a frost-free area.
