HG "grease away" removes cooking fat, grease and oils effectively. It is a safe product for virtually any surface in the kitchen: on cookers and cooker hoods, in microwaves, on stainless steel, galvanized, enamel and aluminium surfaces as well as ceramic tiles and synthetic materials, including worktops. The contents of this bottle is so strong that it will produce 5 x 500 ml of HG "grease away".

To refill original bottle: Remove the spray nozzle. Pour one part of this concentrate in the bottle. Fill up with water. Fasten the spray nozzle. Shake well. Refer to the original bottle for user instructions.
