

## HG parquet cleaner (product 54)

- cleans without streaks

*HG parquet cleaner* is a freshly scented mopping cleaner developed specially for regular and streak-free cleaning of both varnished parquet floors and parquet floors treated with the *HG parquet protector (product 51)*.

### Directions for use:

#### **For regular cleaning:**

Dissolve 100 ml (a cup) in half a bucket (5L) of lukewarm water. Then clean the floor with a wrung-out mop or floor cloth, regularly rinsing it in the cleaning solution. Do not rinse or mop dry, simply leave the floor to dry on its own.

#### **For intensive soiling:**

See the HG parquet floor treating matrix on the side of this bottle.

#### **Attention:**

For veneered parquet, laminate parquet, click parquet and other not fully varnished parquet floors: never clean too wet as that could cause the seams to swell up.
