## FLOOR GLUE REMOVER

works extremely fast

750 ml e

### HG floor glue remover

- works extremely fast
- much better than all the others
- suitable for nearly all surfaces

*HG floor glue remover* is an extra strong and super-fast working glue remover, suitable for removing the most stubborn glue remains such as:

Both solvent and water based glues, Glues for carpets, linoleum, vinyl and PVC, Glues for wooden or cork floors, floor tiles, and other wall and floor coverings, Fix and mounting glue.

*HG floor glue remover* does not contain the hazardous ingredients methyl chloride and methanol, both of which are unfriendly for human health. *HG floor glue remover* can be applied without any problem to nearly all surfaces (e.g. wood, metal and concrete).

#### Directions for use:

1. First test *HG floor glue remover* on a small and inconspicuous area of the surface.
2. Cut carpet etc. into strips and roll up.
3. (Vinyl) floor covering that does not come loose should first be perforated using a pricking roller or a similar tool. The floor glue remover must be able to penetrate well into glue layer in order to remove it.
4. Remaining glue should be well covered with *HG floor glue remover* using a brush, for example.
5. After 10-15 minutes scrape off the glue using a filling knife.
6. Repeat the treatment, if necessary, allowing more time to work.
7. Finally, rinse the surface with water and allow it to dry before applying a new wall or floor covering.

**Coverage:** 0.5-1.0 litre per m<sup>2</sup> (depending on the glue layer and the surface)

**Attention: Transport and store the jar upright.** During use keep the area well ventilated. Keep in a cool and dry spot. This product is not so effective on acrylic-based glues. Do not allow the *HG floor glue remover* to dry during application or else the glue will reattach itself to the surface.
