# Grease away

## Powerful degreaser

Effortlessly grease-free every day  
Safe and effective on any surface

500 ml e

### HG grease away

- safe for all surfaces

Boiling, frying and roasting means that everything in the kitchen - from the gas cooker to the worktop and the kitchen cabinets - is exposed to grease and grease deposits on a daily basis. *HG grease away* is an extremely powerful and effective grease remover that can be used safely on all surfaces, such as stainless steel, aluminium, plastic, natural stone and ceramics. Just spray after cooking, remove and...it's done!

**Directions for use:** Turn the nozzle on the front side a quarter. Spray the surface to be cleaned. Leave it to work for a few seconds. If applied on stainless steel, spray *HG grease away* on a clean cloth and then clean the surface. Then wipe up the grease with a cloth, preferably soaked in hot water. Depending on the degree of soiling, repeat the treatment. Turn the nozzle a quarter after use (OFF).
