HG terracotta cleaner shine restorer (product 86)

- sufficient for mopping 20 times

HG terracotta cleaner shine restorer is a wonderfully freshly scented, concentrated mopping cleaner with shine restorer, developed especially for the regular cleaning of all types of terracotta floors.

1 litre is sufficient for 20 washes.

Directions for use:

For regular cleaning: Dissolve 50 ml (half a cup) in half a bucket (5L) of lukewarm water. Then clean the floor with a well wrung-out mop or floor cloth, regularly rinsing it in the cleaning solution. Do not rinse or mop dry, simply leave the floor to dry on its own.

Maintenance:

For intensive soiling or to remove the gloss coating of this product: See the HG terracotta floors treatment matrix on the side of this bottle.
