TOILET CLEANER GEL

500 ml e

HG toilet cleaner gel

HG toilet cleaner gel quickly and effectively removes dirt and limescale from the toilet bowl. For a great shine and a lovely fresh scent!

Instructions: Squeeze the sides of the lid and simultaneously turn the lid to open. Spray *HG toilet cleaner gel* in a fluid motion under the rim of the toilet bowl. Leave the gel to work at least 10 minutes and then brush the toilet pan clean with a toilet brush. Finally flush the toilet.

Caution: Transport and store the bottle upright. Prevent contact with marble or other calciferous surfaces. *HG toilet cleaner gel* is also particularly suitable for septic tanks. For quick daily and hygienic cleaning of everything in the toilet area, such as the seat, the outside of the bowl, the cistern, the washbasin, the tap and the door handle, we recommend *HG sanitary area cleaner*.
