Microwave cleaner

Removes grease and caked-on food

Powerful everyday cleaning

Safe for all (combi) microwaves

500 ml e

HG microwave cleaner

- cleans safely and powerfully
- safe for all (combination) microwaves

HG microwave cleaner is a handy, powerful everyday spray cleaner suitable for the easy removal of grease and (encrusted) food remnants in (combi) microwaves. **HG microwave cleaner** is safe for all materials that are used in (combi) microwave ovens.

Directions for use: Turn the nozzle on the front side a quarter. Then spray onto the surface and leave for a few seconds to penetrate. Now wipe the surface with kitchen paper. After that, wipe the cleaned surface with a clean, damp dishcloth. To remove stubborn dirt, use a non-abrasive sponge to make it easier to loosen the dirt. Turn the nozzle a quarter after use (OFF).
