### HG liquid sander for painting without sanding

- intensive degreaser
- means sanding is no longer required
- super grease remover
- no nasty ammonia smell

*HG liquid sander for painting without sanding* is a concentrated, dualpurpose product.

1. It prepares paintwork and untreated surfaces prior to painting by thorough cleaning and degreasing, so that there is no longer any need to rub down with sand paper.
2. It very quickly and very easily cleans dirty paintwork, removing finger marks, atmospheric dirt, nicotine stains, etc. etc. Suitable for use indoors and out.

#### Directions for use:

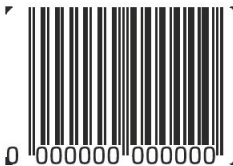

##### Preparing surfaces to be painted:

1. Dilute *HG liquid sander for painting without sanding* with 10 parts water to 1 part product.
2. Apply the solution with a scourer or bathroom sponge and allow to work itself in for a few minutes.
3. Remove with plenty of water.
4. Wait for the surface to dry thoroughly or dry with a clean cloth or shammy leather, before painting the surface.
