HG parquet and wood cleaner (product 54)

- cleans without streaks

HG parquet and wood cleaner is a freshly scented mopping cleaner, especially developed for regular streak-free cleaning of all types of parquet - and wooden flooring.

Directions for use:

For regular cleaning: Dissolve 100 ml (a cup) in half a bucket (5 l) of lukewarm water. Then clean the floor with a well wrung-out mop or floor cloth, regularly rinsing it in the cleaning solution. Do not rinse or mop dry, simply leave the floor to dry on its own.

Persistent dirt: See the HG parquet - and wooden flooring treatment matrix on the side of this bottle.
