HG power gel brush grout cleaner

- powerful, highly adhesive gel formula
- with a brush for precise and controlled application
- easy to use

With its powerful, highly adhesive gel formula, *HG power gel brush grout cleaner* thoroughly removes grease, dirt and soap scum from almost all types of grout. The built-in brush head makes controlled and accurate application extremely easy, both on wall or floor grout.

Attention: Transport and store the bottle upright. Wear protective gloves. It is recommended to test this product in an inconspicuous place first. Grout in shower cubicles and bathrooms is often dirty because of scale. In that case you should use *HG limescale remover foam spray*. For black, mouldy grout, use *HG mould spray*. It may not be possible to produce an optimum result on silicone grout.
